# Term Assurance

(with options)

## Key Features

**The Financial Conduct Authority is a financial services regulator. It requires us, Aviva, to give you this important information to help you to decide whether our Term Assurance (with options) is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference.**

**This Key Features document gives you a guide to the main points of your Term Assurance (with options) plan. Your illustration shows what premiums you'll pay for your chosen amount of life insurance and any extra benefits chosen. Please read them so you understand what you're buying and then keep them with your plan documents.**

**This Key Features document has been written on the basis that the Policyholder and the Life Assured are the same person. However, it is possible for the Policyholder to take out cover on another person.**

### Its aim

- To provide the type of cover that you choose.  
Your plan will provide you with life cover and for an additional premium you can also choose to include Critical Illness cover.
  - **Life cover** – pays out a lump sum if you die
  - **Life and Critical Illness cover** – pays out a lump sum if you either die or are diagnosed with a critical illness that meets our plan definition and then survive for at least 14 days. We only cover the critical illnesses we define in our plan and no others.
- Alternatively, the plan will pay out if you are diagnosed as suffering from a terminal illness within the plan term with a life expectancy of less than 12 months.
- The plan ends if we pay out the cash sum on death, terminal or critical illness. It continues if we pay out under additional critical illness benefit or children's benefit.
- To provide cover for the period of time that you choose, subject to your age and the options included in the plan. At the end of the term the plan will end and you will get nothing back.

### Your commitment

- To ensure you answer all the questions on your application fully, truthfully and accurately to the best of your knowledge. Failure to do so may invalidate any future claim you may make.
- To tell us if any of the medical or other information you give us changes in the time between when you sign the application and the start of your plan. Failure to do so may result in the cover you receive being inappropriate for your revised needs and may invalidate any future claim you may make. When you make a claim under Critical Illness cover or Premium Protection, the occupation that you are following at the time will be taken into consideration when assessing your claim.
- To pay regular monthly or yearly premiums over the plan's term. If you choose reviewable Critical Illness premiums your premium may change every five years. Further details can be found in the section entitled 'What else do I need to know about the Critical Illness cover?' later in this document. If you stop paying your premium, your cover will end after 30 days from the date your last premium was due.
- To tell us if you move outside the UK, Channel Islands and Isle of Man as some options of your plan may not be available, and will depend on where you move to and for how long for.
- You should regularly review your plan to ensure that it is still adequate for your needs. As your needs change, the level of cover you require may also change. Therefore, if you do not regularly review your plan, you may have too little cover for your needs or be paying too much for the cover that you already have. Further details can be found in the section entitled 'How flexible is it?' later in this document.

## Risks

- If you don't pay your premiums, your plan and your cover will end 30 days after the payment was due. You'll get nothing back.
- This plan has no cash-in value at any time.
- If you choose Critical Illness cover, we'll only pay out if you're diagnosed with a critical illness that meets our plan definition and then survive for at least 14 days. All of the conditions that we cover are described in the Plan Conditions and our 'Guide to Critical Illness Cover' booklet.
- If you've chosen reviewable Critical Illness cover we'll review your premiums every five years:
  - we may increase your premiums. We'll tell you if we're going to do this
  - there is no maximum amount that your premium can be increased by. Plans with longer terms have a greater risk of premium increases as they have more reviews and are more likely to be affected by the factors that we take into consideration when reviewing the premium
  - if you decide to cancel the plan due to increased premiums you won't get any money back.

Further details can be found under the heading 'What else do I need to know about the Critical Illness cover?'

- It is vital that you answer all the questions on your application fully, truthfully and accurately and that you tell us about your medical history in full. Failure to mention something could result in your plan being inappropriate for your protection needs and may invalidate any claim you may make later.
- If you don't provide any information we ask for when making a claim, we won't pay out under the plan.
- There are some exclusions which we apply to the plan. For more information about these exclusions please see the section 'When will the plan not pay out?'

## Questions and answers

### What is a Term Assurance plan?

- It's an insurance plan that provides you with life cover and for an additional premium you can also choose to include Critical Illness cover.
  - **Life cover** – pays out a lump sum if you die
  - **Life and Critical Illness cover** - pays out a lump sum if you either die or are diagnosed with a critical illness that meets our plan definition and then survive for at least 14 days. We only cover the critical illnesses we define in our plan and no others.
- Alternatively, the plan will pay out if you are diagnosed as suffering from a terminal illness within the plan term with a life expectancy of less than 12 months.
- You can take out the plan on your own or with someone else. The cash sum is payable on the first claim only.
- For life cover you must be aged between 16 and 89 at the start of the plan.
- The plan is available for a term of your choice, subject to your age, any options you may choose and any age restrictions of the plan. At the end of the term the plan will end and you will get nothing back.
- If you choose Critical Illness cover then children of the life insured will also be automatically covered under children's benefit. We'll pay out 50% of the critical illness amount up to a maximum of £25,000 if your child is diagnosed with a critical illness or additional critical illness we cover (excluding Total Permanent Disability). If your child dies we'll pay £5,000. Cover will start from when the child is 30 days old and end on their 18th birthday or 21st birthday if in full time education as long as the plan is in force.
- If you choose Critical Illness cover then the life assured will also be automatically covered under the Additional Critical Illness Benefit.

### How flexible is it?

- This plan is not designed to be flexible. You can't alter the plan once it's started, other than under the terms of the Conversion and Renewal options if selected at the start.

### When does the plan pay out?

- We'll pay out a guaranteed cash sum if you:
  - die during the plan term or
  - are diagnosed as suffering from a terminal illness within the plan term and you aren't likely to live more than 12 months or
  - are diagnosed, during the plan term, as having a critical illness that meets our plan definition and then survive at least 14 days (if this option is selected at the start of the plan).

- claim and meet our definition for Arteriovenous Malformation (AVM) of the Brain, Bladder Removal, Carcinoma in situ of the Breast, Carcinoma in situ of the Cervix, Carcinoma in situ of the Testicle, Cerebral Aneurysm, Crohn’s Disease treated with intestinal resection, Low Grade Prostate Cancer, Non-Malignant Pituitary Tumour, Removal of an Eyeball or Significant Visual Impairment. These 11 conditions are in addition to the main plan (if Critical Illness cover is selected at the start of the plan). The amount payable will be £20,000 or 20% of the critical illness amount, whichever is lower.
- claim for an eligible child under the children’s benefit. We’ll pay out 50% of the critical illness amount up to a maximum of £25,000 if your child is diagnosed with a critical illness or additional critical illness we cover (excluding Total Permanent Disability). If your child dies we’ll pay £5,000. Cover will start from when the child is 30 days old and end on their 18th birthday or 21st birthday if they are in full time education as long as the plan is in force.
- The plan ends if we pay out the cash sum on death, terminal or critical illness. It continues if we pay out under additional critical illness benefit or children’s benefit.

## ● What else do I need to know about the Critical Illness cover?

To include this cover:

- you must be aged between 16 and 59 at the start of the plan
- if you choose guaranteed premiums, the plan must end before your 76th birthday and the maximum term of the plan can be 40 years
- if you choose reviewable premiums, the plan must end before your 91st birthday and the maximum term the plan can have is 50 years

£2,000,000 is the maximum total critical illness cover available with Aviva including existing cover already in force with Aviva.

£3,000,000 is the maximum total critical illness cover available in the market including existing cover already in force with Aviva or any other provider.

We will pay you the cash sum if you are diagnosed as having one of the specified critical illnesses covered by the plan, during the plan term, if you choose this cover. Full details of the illnesses covered by the plan are available within the ‘Guide to Critical Illness Cover’ booklet. Please ask your financial adviser for a copy.

If the cash sum is paid on diagnosis of a critical illness, no further benefit is payable on terminal illness or death and the plan will end.

## What are the Critical Illness premium options?

Critical Illness premiums can be on a guaranteed or reviewable basis. Your financial adviser will be able to help you decide the best option for your circumstances.

If you choose the **guaranteed basis**, this means your premiums will stay the same throughout the term of your plan.

You may wish however to choose the **reviewable** premium basis. This means that your premium is very likely to change over the term of your plan.

## How will the Critical Illness premium be reviewed?

If you choose a Critical Illness plan on a reviewable basis it means that:

- we will review the part of the premium relating to this benefit prior to every fifth anniversary of the inclusion of Critical illness in the plan
- your premium will not be changed in between reviews
- premiums will be reviewed in a fair and reasonable way and as a result of the review your premium may increase, decrease or remain unchanged
- there is no limit to the change in premium that could be applied to your plan at review
- we will inform you of the outcome of the review at least 60 days before we make any change to your premium.

We will review your premium based on a range of factors including:

- The possible impact of further medical advances
- Claims experience and the experience of the rest of the industry
- Expectation of future claims
- Investment returns
- Changes in taxation, legislation and regulation
- The early cancellation of our plans which include Critical Illness cover.

## What are the options following a review?

If, following a review, your premium needs to change, we will advise you of the proposed change at least 60 days prior to the five year anniversary date unless the reason for the change is beyond our control and means only a shorter notice period is possible.

If your premium needs to increase there are some options available to you. You can:

- Accept the higher premium and maintain your level of cover
- Reduce the amount covered on the plan to keep your existing premium

- Remove the Critical Illness Cover – you will not get back any premiums you have already paid
- Cancel the plan and stop paying premiums – you will not get back any premiums you have already paid.

If you do not wish to accept the higher premiums, you must confirm your chosen option to Aviva at least 14 days prior to the five year anniversary date. Otherwise, we will assume you wish to pay the higher premium.

## What else is included?

### Additional Critical Illness Benefit

Arteriovenous Malformation (AVM) of the Brain, Bladder Removal, Carcinoma in Situ of the Breast, Carcinoma in situ of the Cervix, Carcinoma in situ of the Testicle, Cerebral Aneurysm, Crohn's Disease treated with intestinal resection, Low Grade Prostate Cancer, Non-Malignant Pituitary Tumour, Removal of an Eyeball and Significant Visual Impairment are included as extra cover to the main plan. We will pay the maximum of £20,000 or 20% of the critical illness cover, whichever is lower. Only one claim can be made for each of these benefits per life assured. Claims paid will not affect the amount that can later be claimed under Critical Illness Cover. This means that your insured amount remains in place in case you suffer from a critical illness defined in the plan in the future.

### Children's Benefit

When you purchase Critical Illness cover from Aviva, any natural, step or legally adopted children and any future children of the life insured are also covered under children's benefit. We'll pay out 50% of the critical illness amount up to a maximum of £25,000 if your child is diagnosed with a critical illness or additional critical illness we cover (excluding Total Permanent Disability). If your child dies we'll pay £5,000. Cover will start from when the child is 30 days old and end on their 18th birthday or 21st birthday if they are in full time education as long as the plan is in force.

By full time education we mean attendance at a full time course at a school, college or university. This includes placements that are part of a full time course, but excludes breaks from education, for example a gap year.

The benefit is payable once for each child and the plan will continue after the payment has been made so your own cover or the cover of any other children is not affected.

## What other benefits can I choose?

For an extra cost the following options are available:

### ● Premium Protection

To include this benefit you must be aged between 16 and 54 at the start of the plan.

This benefit will help to cover the cost of your premiums if you're totally disabled by illness or injury for more than 26 weeks.

- **You will be covered if you are** – unable to follow your normal occupation as a result of illness or accident and not following any other occupation. Normal occupation means the occupation of the Life Insured immediately before sickness or accident that resulted in the claim.

- If you've chosen Critical Illness on a reviewable premium basis, the cost of Premium Protection will change in line with each review. Please see the 'How will the critical illness premium be reviewed?' section for more information.
- The assessment of your claim will depend on your occupation and will not change unless you are not in gainful employment immediately before the claim, in which case you will be covered under the 'Personal Capability Assessment'. You can find more details about the personal capabilities and serious conditions in the plan conditions. Please ask your financial adviser for a copy.

### ● Conversion option

This option allows you to change part or all of your life insurance into another Term Assurance or Whole of Life plan without having to provide more evidence of your health. If you only change part of your life insurance, your original plan will continue with a reduced amount of life insurance and a cheaper premium.

### ● Renewal option

This option lets you take out a new plan when this plan ends without having to provide more evidence of your health.

Both the Conversion and Renewal options will be subject to any age limits at the time. If your original plan includes Premium Protection, you can choose to continue to have this on your new plan. However, you will have to complete extra health questions.

To include Conversion or Renewal options you must be aged between 16 and 63 at the start of the plan and the plan must end before your 65th birthday.

The Renewal option isn't available if you have chosen Critical Illness cover on a guaranteed premium basis.

The Conversion option isn't available if you have chosen Critical Illness cover, either on a guaranteed or reviewable premium basis.

You will be able to renew your Critical Illness cover under the terms available at that time.

- The Financial Conduct Authority has defined three categories of customer. You've been classed as a 'retail client', which means that you'll be provided with the highest level of protection provided by the Financial Conduct Authority rules and guidance.

## Compensation

- Qualified advisers will recommend that you buy products suitable for your needs. You've legal rights to compensation if at any time it's decided that you've bought a plan that wasn't suitable for your needs at that time.
- The Financial Services Compensation Scheme covers your plan. If Aviva becomes insolvent and we are unable to meet our obligations under this plan, the scheme will normally cover you for 90% of the total amount of an existing claim.

The scheme will normally provide a refund of 90% of any premiums that haven't been used to buy life cover unless you are:

- in the process of making a valid claim
- expecting a payment from an accepted claim.

For example, if you pay your premiums annually in advance and Aviva becomes insolvent after six months, you would normally be entitled to a refund of 90% of the remaining six months premium. If you pay by regular premiums, you would not receive a refund as we would already have used the money to provide you with life cover to date.
